## The Battle for Control (Facilitator Narrative)

### 1. Chapter Overview

The Sisterhood Sleuths and their allies face their most critical confrontation yet beneath the collapsing chamber. The Society’s agents close in as obsidian fragments pulse with emotional energy—amplifying fear, courage, and rage alike. Raj seeks to claim the Eye’s power, but Chloe, torn between understanding it or destroying it, makes a heartbreaking decision. She triggers the overload mechanism, sacrificing the fragment—and Einar sacrifices himself to save the team. As dust settles, the Sleuths face loss, purpose, and the weight of true leadership.
