Chapter 24

Confrontation at the Senior Center

1. Chapter Overview

At the Gibson Senior Center, The Society's plan reaches a critical stage. Inside, their agents work to harness the Eye's power using advanced technology, now led by a new figure—Dr. Anaya. The Sisterhood Sleuths, divided into teams, infiltrate the building to gather intel and disrupt the operation. In a dramatic twist, Chloe and Gil discover that Seraphine is alive but captured. Her courage and knowledge turn the tide, leading to the team's successful sabotage of The Society's machine. The chapter ends with an explosion that destroys the Senior Center, signaling victory—but also warning that The Society is far from defeated.
